We are pleased to announce the first BVNC - Belgrade Veterinary Neurology Conference 2014 from 23 - 25th of May 2014.

Our goal is to provide a forum for addressing innovations, issues and complications in veterinary neurology.

Designed for veterinarians and neurology specialists, BVNC neurology meeting will develop and broaden our knowledge and level of competency in clinical neurology.

The participants will be able to learn about practical approaches, diagnosis and treatment options for major neurological syndromes.

All speakers are leading experts in relevant fields.

Lecturers at the meeting will present state of the art overview of clinical topic seen in every day practice.

We hope to encourage spirited discussion and exchange of ideas.

We look forward to seeing you in May!
